

Why Are More Schools Switching to CORE?

“The CORE team was incredibly helpful during our transition. CORE exceeds our last system in every way.”

“Our previous vendor had a 3-day wait for support. CORE always answers right away!”

“The reporting data was invaluable throughout the accreditation process.”

“The ease of CORE’s SmartMatch Scheduling process takes the burden off of our department.”

“With CORE we can create customized reports, requirements, & schedules exactly to our needs.”

“My favorite thing about CORE is the ability to give suggestions to the development team & actually have them made!”

“The greatest benefit of CORE is the customization capabilities & the level of personal client support offered.”

“I love how open the CORE team is to user suggestions & client input.”

“All important information is stored in one local place that all faculty, preceptors, & students can easily find.”

“CORE gives us the ability to match students effortlessly.”

“Our previous software was an outdated system that was not customizable. CORE is a huge upgrade for us!”

“CORE is extremely user friendly & intuitive. Communication with students & preceptors is easy!”
